The Most Precious Gift You Can Give Your Family

“My family always enjoyed my stories and suggested I create a book. I started but it was slow going. Until I met Danny Verbov. From that point on, the book took on a new life. My relatives and friends are thanking me for this book of life stories and I thank Danny for producing a treasure of immeasurable, everlasting value to my family.” — STANLEY RASKAS, NEW ROCHELLE

“I finished reading Stanley’s book this past Shabbos... SMASHING! One can get the essence of Stanley. I found myself sometimes laughing, smiling, and sometimes tears welling up in my eyes. These narratives tell the truth of who Stanley is, his identity, his dedications and commitments and loyalties. As I was reading, I could hear Stanley’s voice throughout the book... WONDERFUL! — JOYCE, STANLEY’S WIFE

“Zeide, I’m proud to say I just finished reading your book! It was AMAZING... I feel like it taught me so much about you and your amazing life that I didn’t even know before, and I just wanted to thank you for taking the time to write it!” — MINA, STANLEY’S GRANDDAUGHTER

“I was glued to your book all Shabbos. I haven’t finished yet because I stop and start thinking about the people, places, times you are taking me back to... I’m loving everything I knew and fascinated by what I didn’t... Yasher Koach!” — TIKI, STANLEY’S COUSIN
